SUPERVISORS
MET LAST NIGHT

TAX COLLECTOR HOLT AND
CHAIRMAN HUSTACE IN CORRESPONDENCE OVER DELINQUENTS.

The Board of Supervisors met last night, and the meeting was one of the quietest that they have ever had. Only one matter caused any discussion at all and that was a letter from Tax Assessor Holt in reply to a letter from Chairman Hustace, stating that the Board would be willing to pay a 10 per cent commission on all delinquent personal taxes collected by special deputies from the several voting districts. The matter was taken up by the Board, and Sam Johnson stated that as no representative of the Tax Office was present when he paid his men off, he could not take out their taxes, but if one was present he would see that they were paid. Hustace wished to appoint special deputies to collect the taxes, but it was decided to consult the County Attorney before the matter was finally decided upon.

A letter was received from Joe Aea, agent for the queen, thanking the board for the use of the band at her birthday reception on Monday.

A letter was received from Manager Baillet-Latour of the Rapid Transit Company stating that as permission was granted to remove certain stitches and to lay others from the Superintendent of Public Works Holloway his company would start work at once.

BIG PACIFIC MAIL BOOKINGS AND
AN EXCURSION OF PORTLAND
BUSINESS MEN.

Secretary Wood's report to the Promotion Committee this week is an unusually encouraging one. It is as follows:

Chairman and Members of the Hawaii Promotion Committee.

Gentlemen:—By the last mail we received word from Mr. J. P. Baumgartner, the proprietor of the Long Beach Press and Santa Ana Register, two daily papers published in Southern California, stating that he was about to put on a contest for subscriptions to his papers offering as capital prizes three or four trips to Honolulu. The contestants to be restricted to young ladies, the party to be chaperoned by Mr. and Mrs. Baumgartner. The probabilities are that the Los Angeles Evening News will join in the undertaking thus increasing the party and extending the advertising. We forwarded all the information desired by the Sierra and feel convinced that the plan will be carried out.

Mr. C. B. Yandell, secretary of the Portland Chamber of Commerce, writes under date of August 23rd as follows: "The excursion, though yet in embryo, is coming along in good shape, and unless the unexpected happens, you may look for us in the islands sometime about the 10th to the 15th of February next."

That there is a general feeling of friendliness for Hawaii throughout Seattle is further evidenced by the following letter from the Secretary of the Alaskan Club:

"The Club appreciates your kindness in sending us the Paradise of the Pacific. We shall certainly take pleasure in keeping on file and circulating any advertising literature your Committee may send us, and overlook no opportunity to recommend visits by tourists to the Paradise of the Pacific."

Regarding our enlarged photographs Mr. Fred W. Prince, City Ticket Agent of the Santa Fe Railway in San Francisco writes:

"Your enlarged photo is displayed in one of our front windows, the very best display space at our disposal. The picture attracts a great deal of attention."

The Committee's Agent in Los Angeles, Mr. Childs, sends clippings from the Long Beach papers giving an interesting account of the lecture delivered in that city by Miss M. Alice Smith of Ewa, which was illustrated by our slides and moving pictures. The audience was a large and enthusiastic one.

The members of the Hawaiian Glee Club, who made the trip to the Coast on the steamship Ohio, are playing an engagement in the Cafe Kerkew just across the street from the Los Angeles Chamber of Commerce and being at liberty from 2 until 5:30 p. m., very often play and sing for Mr. Childs during his lecture hour, the Auditorium being packed to its utmost capacity on those days.

The purser of the steamship Statendam, of the Holland-American line, writes under date of August 21st that his boat is regularly supplied with our folder "Hawaii." He also acknowledges receipt of the Illma Lei we sent him, which he has given a prominent place in his office, stating further that whenever the opportunity permits he will gladly recommend his passengers to make a trip to Hawaii.

The advertising manager of the Chicago, Burlington and Quincy Railroad Company writes that just as soon as he can make the necessary space, he will insert, without charge, a notice in all of their Time Folders calling attention to the attractions of Hawaii. We find this a most valuable help to us in our work. Not a mail goes by without inquiries being received from parties who write stating that they have seen the notice about Hawaii in the Northern Pacific, Santa Fe or some other railway folder and wish further information.

Mr. A. G. D. Kerrell, general passenger agent of the Pacific Mail Steamship Company, writes under date of August 22nd:

"I am glad to hear from your postscript that you have reason to expect an unusually large number of visitors to Hawaii the coming winter. This is amply confirmed by our berth lists and inquiries, which shows that there is a great interest being manifested at present in Hawaii."

Respectfully submitted,
H. P. WOOD, Secretary.
